# Championing Changing Places

There are currently **878** Changing Places facilities available in the UK designed to be accessible to all. We have to thank for this success, the tireless campaigners; due to their constant work and effort – always striving to make attractions, and social and community areas think about the impact that these facilities will have on those who need them and their carers and families.

As sponsors, Aveso will be bringing together the passionate individuals who are keen to jump in and offer their support to the Changing Places campaign. This will offer you the unique chance to share stories and tactics, be able to glean successful strategies and learn from key campaigners.

## Nottingham - 25th October 2016

Start: 10:00am      Finish 03:00pm

Motorpoint Arena, Nottingham  
Bolero Square, Nottingham NG1 1LA

## Surrey - 29th October 2016

Start: 12:30am      Finish 05:30pm

Broadbridge Leisure Centre,  
Wickhurst Ln, Broadbridge Heath RH12 3YS

On the day, you can expect activities to kick start your campaigning, helping you to understand and recognise the equipment included, effective ways address people vital to bringing about new Changing Places as well as the chance to speak to founding members of the Changing Places consortium to learn more about the reason and inception behind the campaign and its path towards the future. You will also leave with a goodie bag and hopefully the tools, knowledge and enthusiasm to start your own local campaign supported by other campaigners like you.

If you are new to the Changing Places campaign and are feel you would benefit from positive immersion to the campaign from those with experience, and can really put these tools and knowledge to use in your local area, then we would love to see you at our Championing Changing Places Day.

Want to be a Changing Places Champion? Visit <http://aveso.co.uk/championing-changing-places-2016/>

If you would like to contact us to further discuss the event, please feel free to call **01242 822 979** or email [info@aveso.co.uk](mailto:info@aveso.co.uk)
