Premiere League Football Club Changing Places
Arsenal FC, Emirates Stadium, London

Aveso are proud to have completed the **1st Premiere League Football Club** Changing Places facility at Arsenal FC Emirates Stadium in London.

OT200 Ceiling Hoist on H frame system giving hoist access to the WC, Changing Table and transfer area

Arsenal Football Club's Emirates Stadium launched the 600th Changing Places (fully accessible disabled toilet) at the Club's Premier League game against West Ham on Tuesday 15th April.

The Arsenal FC Changing Places facility is just one of a number of continued investments that Arsenal Football Club makes for its disabled supporters.

'Arsenal for Everyone' strives to ensure supporters, staff and everyone connected to Arsenal FC feels an equal sense of belonging.

Changing Places enables users and carers to experience the same freedoms as everyone else including enjoying match day at Arsenal.

H frame Ceiling Track systems are often used in Changing Places where full room coverage is required for multiple transfers

Client: Arsenal FC Emirates Stadium, London
Project: Changing Places facility
Product Specified: 1x OT200 Ceiling Hoist

Premiere League Football Club Changing Places
Arsenal FC, Emirates Stadium, London

Alex Brooker; Channel 4 and The Last Leg Paralympics TV presenter interviewing with Leroy Binns; representative from Changing Places

Aveso have supplied Changing Places equipment into a range of public places including Stansted and Heathrow Airport, the first Tesco Supermarket and now are proud to add the first Premier League football club.

Leroy moves the Height Adjustable Changing Table from the upright position. The Changing Table is supplied with head support and drainage pipe and operated via hand control

Changing Places are life changing facilities for many thousands of people who require extra care and are unable to use standard accessible toilets comfortably.

Without Changing Places, people with profound and multiple learning disabilities as well as other serious impairments such as spinal injuries, muscular dystrophy, multiple sclerosis or an acquired brain injury, often need extra facilities to allow them to use the toilets comfortably.

“ ... we want all visitors to the Emirates Stadium to feel like they belong here and enjoy an equal match day experience without the stress that standard toilets can cause ”
